

Product Information

991 A - Type 34

Product structure

Backing Flexible waterproof latex A-paper

Flexibility 

Grain Type Silicon Carbide

Coating closed

Top Coat stearate special top coat

Manufactured Width 1400 mm 1430 mm 1650 mm others

Form 

Suitable for Hand sanding Hand held machine sanding Machine sanding

Grits

Ceramic, zirconia, # and * = non P-Grits

Materials

Aluminium Non-ferrous metal Stainless steel Steel Titanium Paint lacquer Glass Wood Plastics Stone/china

Application examples

Automotive industry - E-coat sanding

Sanding off paint runs

Sanding off PVC-Overspray

- Best sanding quality achieved by precisely coated silicon carbide grain
- Even scratches due to special modified grain bond system
- Brief immersion into water without long soaking time due to specific latex paper
- Good handling, even over long-time operations, due to anti-slip coating on the reverse side
