

Product Information

Article No. A44 XK PEARL GRINDING - CP-Technology

Base Stock	Heavy X-weight cotton cloth
Bonding	Resin over resin, soft
Grain Type	Pearl Grinding (aluminium oxide)
Coating	Open coat
Grain Size	P 120
Manufactured Width	1650 mm
Availability	Velcro discs
Market Segment	Speciality product for operations in the car body department of the car industry, where a high stock removal has to be achieved.
Advantages	<ul style="list-style-type: none"> • Large amounts of grain for a long disc life. • Consistent stock removal. • Reduced scratch depth at the beginning of the grinding operation. • Less surface roughness from start to finish. • Suitable for demanding applications. • Less tool change. Results in cost reduction. • Good cutting power by using medium hard and soft contact wheels and low grinding pressure.
