

Product Information

Flap disk

CERAMIC-POWER

Product structure

Backing Fiber glass

Flexibility 

Grain Type Ceramic

Coating closed

Top Coat stearate special top coat

Diameter 115 mm 125 mm 180 mm other

Form 

Suitable for Hand grinding Hand-held machine grinding Machine grinding

cone-shaped

flat-shaped

Grits

Ceramic, zirconia, # and * = non P-Grits

Materials

Aluminium
 Non-ferrous metal
 Stainless steel
 Steel
 Titanium
 Paint lacquer
 Glass
 Wood
 Plastics
 Stone/china

Application examples

General weld seam grinding

Concave weld seam grinding

Tube and container constructions

- Very high stock removal and cool grinding due to high-performance ceramic abrasive grain on a firm fibreglass back-up disc
- Constant high stock removal due to special self-sharpening of the ceramic abrasive grain and special top-size coating
- Very long service life due to optimal amount of flaps
- Cone-shaped version for flat and surface grinding
- Flat-shaped version for rough grinding and for concave weld seam grinding
